

COMMUNITY SERVICE **OPPORTUNITY** for your **ORGANIZATION**

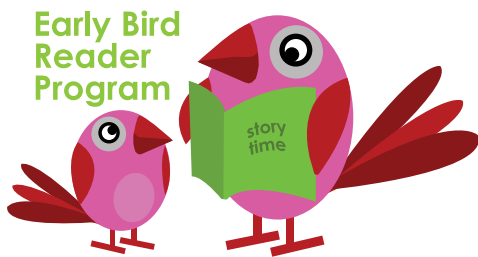

Helping every child succeed in school through an innovative business, education and community partnership.

The **Early Bird Reader Program** provides books through area school libraries and trains and encourages student volunteers to read to their pre-K brothers and sisters at home. Donated pre-K books are always needed and should be 50 words or less with lots of colorful pictures.

Your troop, club or organization can hold a book drive anytime during the year. Books can be donated as they are collected or during the KIII-TV Channel 3 book drive held each March. Posters, flyers and book depositories (we call them bookeries) are available to help promote your book drive.

Email info@earlybirdreader.org for more details.

A local, independent community project started in 2007 in collaboration with the Corpus Christi Literacy Council and the Education Service Center-Region 2
